

We love Morning Star. The staff is so kind and helpful. My son loves all of his teachers and friends, and we couldn't be happier with this daycare.

Julie Weller

Morning Star is such an amazing place! My daughter's teachers have taken so much time making sure she was comfortable when she started and now she absolutely adores them! They are constantly working on development objectives for her and I have noticed a huge difference in her since she has started! The director Tara is also the best!

Jenny Sangid

Best preschool in Knoxville! All the staff are friendly and deeply care about the kids and their education!

Taraneh Rahmanian

We love Morning Star! Our baby started in the infant room about a month ago and the staff is amazing. Our baby smiles at her teachers Sue and Hosomi as soon as she sees them. It's hard leaving your baby for the first time in someone else's hands and there are a lot of choices of where to go in the area, but Morning Star made it all a lot easier! I will say that you will want to get on their list as soon as you can, it's a popular place to be!

Sarah Goedert

No place finer for children...and parents...than Morning Star Child Development Center! Look no further...you have found the best!

Vickie B Wells

Really enjoy the daycare. Everyone is friendly and my children seem very happy each day!

Tiara Evans

Over the past 6 years Morning Star CDC has been a huge part of my family's life. My oldest child went to Morning Star from the day my wife finished her maternity leave until his graduation from their Pre-K program. When he started kindergarten he was very well prepared for the challenges that awaited him both academically and socially that year. Due to the fact that both my wife and I work full time I give all credit to the teachers at Morning Star for preparing my son for Kindergarten.

My younger son has also gone to Morning Star since my wife went back to work at the end of her maternity leave. He is the main reason that I am writing this review. From the day he was born my wife and I have known that he is a different child than his older brother. By that I mean that he has an abundance, I mean an abundance of energy, and a very active mind to go with it. This led to my wife and I having concerns about the best way to educate him as he grew older. Morning Star and their staff have worked with him and us through every step in his growing process. Today, while I'm writing this, I would like to say that while he still has an inexhaustible amount of energy he is also thriving in every area of his life. I

have no doubt that the day he sets foot in his Kindergarten class that he will be ready to succeed just like his brother was. Thank you Morning Star for everything you have done for our family

Silas Watkins

I have loved having my children attend Morning Star. My oldest has been attending for 5 years and the youngest has been there for almost 3 years. The teachers and staff are attentive and loving. They treat my children like family. The quality of education is outstanding. I feel confident with my oldest entering Kindergarten that she will be leaps and bounds ahead because of the education she has received.

Amanda Holt

Morning Star has provided a firm foundation for my daughter to start school. She was well prepared for kindergarten, and developed a strong relationship with her teachers. I'm so glad we found Morning Star.

Candace Greer

We have loved having our two boys, Benton and Landry, at Morning Star for the past few years. As a parent you always want to feel confident in who is taking care of your children during the day. Every day when we drop our children off, we feel very confident they are being loved and cared for, not only by the teachers but the administrative staff as well. If you are looking for a safe and loving environment for your children to flourish in, Morning star is the best option!

Lincoln Foster

Amazing staff. Their hours also fit the schedules of working parents. My daughter has learned so much from her teachers, and her experience at Morningstar has had a big impact on her social and emotional development.
